Dear Parent(s) of \_\_\_\_\_,

Senate Bill 319 was signed into effect on June 29, 2001. This measure emphasizes the early assessment of students' reading skills and requires school districts to intervene with students who are performing below grade level, especially in reading. The law replaces and clarifies previous requirements enacted by legislature (HB 889) in 1999.

In order to be proactive, we identify students as early as possible who are struggling with reading or math. Based on teacher assessments, input, and observation we strongly recommend that your child attend summer school. Summer school provides various opportunities for students to improve upon skills learned the previous year and help them prepare for the upcoming school year.

Summer school will be in session June 7, 2021 until July 2, 2021 at Willard Orchard Hills Elementary and Willard North Elementary. The hours will be 7:30AM to 2:30PM each day, Monday through Friday. Please complete the form below and complete the online registration form to enroll your child.

Your child's current reading level is \_\_\_\_\_ and should be reading at level \_\_\_\_\_ by the end of the 2020-2021 school year.

Sincerely,

Willard Elementary Schools Principals

Parent/Guardian Commitment:

\_\_\_\_\_ I agree to have my child participate in the entire session of Summer School

\_\_\_\_\_ My child will NOT be attending summer school. I will provide district-approved alternative remediation during summer break. These specific remediation practices will include:

---

---

---

I understand failure to attend summer school or provide documentation of approved remediation may result in retention.
